

JEROME[®] Toxic Gas Analyzers

Mercury | Hydrogen Sulfide

Applications by Instrument, JEROME

Please contact a sales representative at 800.528.7411 or sales@azic.com with any questions on your application and/or industry. Visit us online at www.azic.com.

JEROME[®] J405 Portable Mercury Vapor Analyzer

Gold Film Technology

MERCURY

Mercury Spill Response & Cleanup | Mercury Exclusion Testing | Facility Monitoring | Source Surveys
Hazardous Waste Sites | Fluorescent Lamps | Disposal & Recycling | Worker Safety | Landfill Monitoring
Exhaust Duct Monitoring | Plant Environment Monitoring: light bulbs, mercury switches equipment
Fish (Heated)

JEROME[®] J605 Portable Hydrogen Sulfide Analyzer

Gold Film Technology

HYDROGEN SULFIDE

Accuracy check for other hydrogen sulfide monitors and control systems | Agricultural Applications
Ambient Air Analysis | Applied Research | Control Room Corrosion Monitoring | Hydrogen Sulfide Source Detection
Landfills | Leak Detection | Quality Control | Regulatory Compliance and Permitting | Scrubber Efficiency Testing

JEROME[®] 651 Fixed Hydrogen Sulfide Monitoring System

Gold Film Technology

HYDROGEN SULFIDE

Remote Monitoring | Ambient Air Analysis | Regulatory Compliance | Nuisance Odor Monitoring
Fence Line Monitoring

JEROME[®] 860 Hand-Held Hydrogen Sulfide Analyzer

Gold Film Technology

HYDROGEN SULFIDE

Sewer Works Monitoring: including sewer lines, lift stations & manholes | Hydrogen Sulfide Source Detection
Leak Detection | Scrubber Efficiency Testing | Stack Monitoring | Nuisance Odor Monitoring
