Thoughts from your sales
representatives

Jerome® 631

The Jerome® 631 is great for low level detection. It is the gold standard, using a patented golf film sensor. The instrument's selectivity to hydrogen sulfide eliminates interferences from sulfur dioxide, carbon dioxide, carbon monoxide, and water vapors.

How small is a part per billion?

	1 part per million (ppm)	1 part per billion (ppb)	1 part per trillion (ppt)
Money	1 cent/ \$10,000	1 cent/ \$10M	1 cent/ \$10B
Time	1 minute/ 2 yrs	1 second/ 32 yrs	1 second/ 32 centuries
Length	1 inch/ 16 mi	1 inch/ 16,000 mi	1 inch/ 16M mi

Consumable Parts and Extended Warranties

Contact Nancy Thiede for your consumable parts and extended warranties. We stock all parts for our instruments at our facility, so that we can ship out orders within 48 hours after the order is placed. If you don't have a part number or you are looking for pricing of a part please call her and she can help you with that as well.
