Apple iPod touch today!

Dear Valued Customer,

Arizona Instrument LLC would like to take a moment to thank you for your continued business with us. We value your support and would like to take this opportunity to share with you how we can help your company even further.

AZI proudly introduces the **Jerome® J405 Mercury Vapor Analyzer**. Our newest Mercury Vapor Analyzer, the J405, utilizes gold film technology to read mercury vapor down to  $0.5 \mu\text{g}/\text{m}^3$ , which is below the EPA standard for residential and commercial cleanup. With the Mercury Spill Kit now available, AZI provides a complete solution for mercury spill cleanup.

*Features:*

- Remote and Portable Solutions Available
- Detection Limit Down to  $0.5 \mu\text{g}/\text{m}^3$
- Meets EPA & ATSDR Cleanup Levels
- Longer Sensor Life than the Jerome® 431
- Battery Powered Sensor Regeneration
- On-board Data Logging (20,000 data points)
- Auto Time/Date Stamp and USB Data Output
- SCADA Interface Capabilities via 4-20ma
